

KIRKLAND POLICE DEPARTMENT

123 5th Avenue Kirkland, WA 98033

CASE# 2017-00037868

CASE REPORT**NARRATIVE****17-37868****Case Narrative**

On 10-30-17 at approximately 1420 hours I was dispatched to the Fairfax Behavioral Health center located at 10200 NE 132nd ST in Kirkland WA reference an assault that occurred overnight.

Upon my arrival I met with Fairfax RN [REDACTED] who worked on the North unit at Fairfax. [REDACTED] explained that sometime overnight one patient in the North unit named [REDACTED] allegedly attacked another patient named [REDACTED]. During the assault [REDACTED] punched [REDACTED] causing minor bruising. [REDACTED] said that the employees who worked last night did not contact police after the incident happened. When [REDACTED] discussed the incident with [REDACTED] today he explained that [REDACTED] was casting spells on him at the time of the altercation. [REDACTED] said that both [REDACTED] and [REDACTED] were at Fairfax by court ordered treatment. [REDACTED] had just come into Fairfax within the past week and has been experiencing a significant amount of psychosis. [REDACTED] said that [REDACTED] would like to speak to the police to let us know the incident was not his fault.

I was escorted into the courtyard of the secured facility where I met [REDACTED]. [REDACTED] had some minor bruising on his cheek, forehead, and lip. He explained that [REDACTED], AKA "[REDACTED]", had punched him seemingly without reason overnight. [REDACTED] said that Fairfax staff was there at the time and they came to his aid to break up the altercation. [REDACTED] only suffered the minor injuries which were visible. I took photos of [REDACTED]'s injuries.

[REDACTED] explained that due to [REDACTED]'s mental state of psychosis, Fairfax was working on having him transferred to a different acute care unit within their facility. She advised that the information would be passed onto the mental health case workers for treatment recommendations.

[REDACTED] said she was not able to access the video surveillance, and any surveillance would have to be authorized by Fairfax's risk management team. I provided my business card with a case number.

Case to be forwarded to King County Mental Health.
